TNSTEP, Special Education Support for Tennessee Families, is a statewide not-for-profit program established in 1989. We provide FREE information, advocacy training, and support services to parents of children with disabilities (birth through age 26) eligible for special education services under the Individuals with Disabilities Education Act (IDEA).

Although many of our services are made possible through federal and state grants, those funds allow us to do only a portion of our work. YOUR financial support enables us to expand the reach of services to ensure that all families in Tennessee have access to free information, training, and support.

In compliance with section 507 of the HHS Appropriations Act, this document is funded 100% with funds from a Federal Grant from the U.S. Dept. of Education.
