Pre-Employment Transition Services (Pre-ETS) Fact Sheet for Tennessee's Parents

What are Pre-Employment Transition Services or Pre-ETS?

Pre-Employment Transition Services, also called **Pre-ETS** is a program provided to students with disabilities ages 14 to 22 by **Tennessee's Vocational Rehabilitation (VR) Program**. VR works with the students, their families, their schools, and community partners to help students gain knowledge and experiences so that they can make choices about their future, including their future careers. Ask your child's IEP team about Pre-ETS and request that a member of VR attend their Individualized Education Program (IEP) or 504 Plan meeting.

What are the 5 topics Pre-ETS Covers for Students?

Pre-Employment Transition Services (Pre-ETS) Fact Sheet for Tennessee's Parents

How Does Pre-ETS Work?

Pre-ETS is provided to students based on their needs and is for **students (ages 14 up to 22) with disabilities** in a recognized education program. The disability can be documented on an Individualized Education Program (IEP), a 504 plan, or by a medical provider.

Pre-ETS can be requested by the parent/guardian, student, school, or other service providers.

A student **does NOT** have to be receiving vocational rehabilitation services from Tennessee's VR Program to receive Pre-ETS, but the student can apply for those services through Tennessee's VR Program at any time.

When does Pre-ETS end?

Pre-ETS ends for a student when:

- The student does not need Pre-ETS anymore
- The student is not interested in or available to receive Pre-ETS
- The student exits or disenrolls from school
